OUR LOGO

OUR LOGO

The boohooMAN logo is a modern and bold representation of the brand's identity, reflecting its focus on contemporary men's fashion.

The logo features the brand name in a sleek, lowercase font, which emphasizes a sense of accessibility and approachability. The clean lines and minimalist design of the logo convey a sense of sophistication and style, aligning with the brand's commitment to offering on trend and affordable clothing.

The logo's simplicity makes it versatile for various applications, from digital media to clothing tags, ensuring strong brand recognition across all platforms. Overall, the boohooMAN logo effectively encapsulates the brand's ethos of youthful, fashion-forward, and accessible men's apparel.

boohooMAN

LOGO USAGE

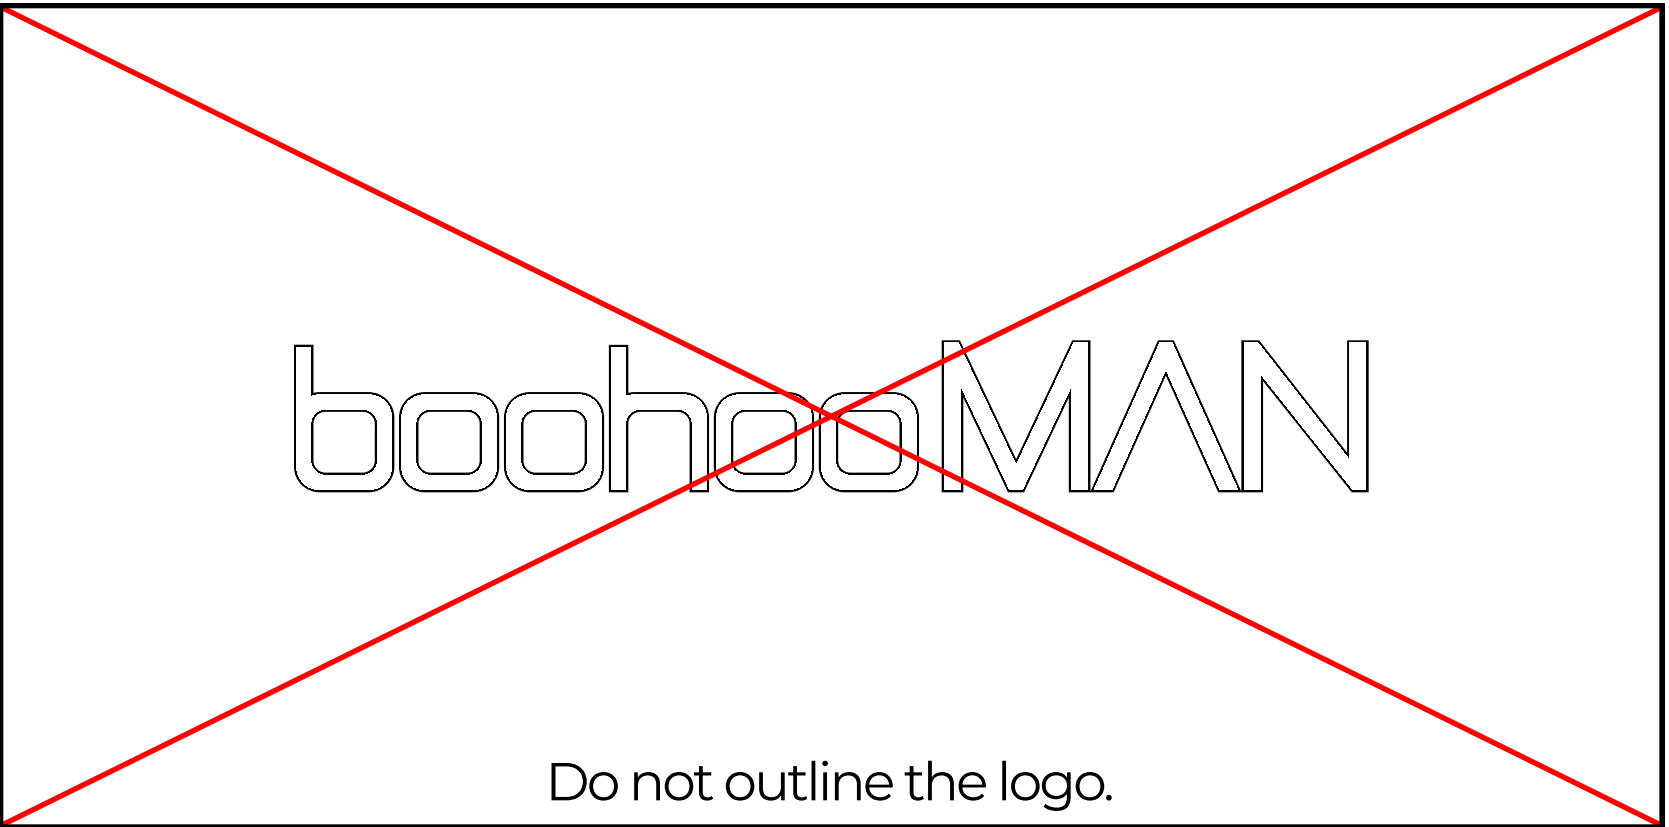

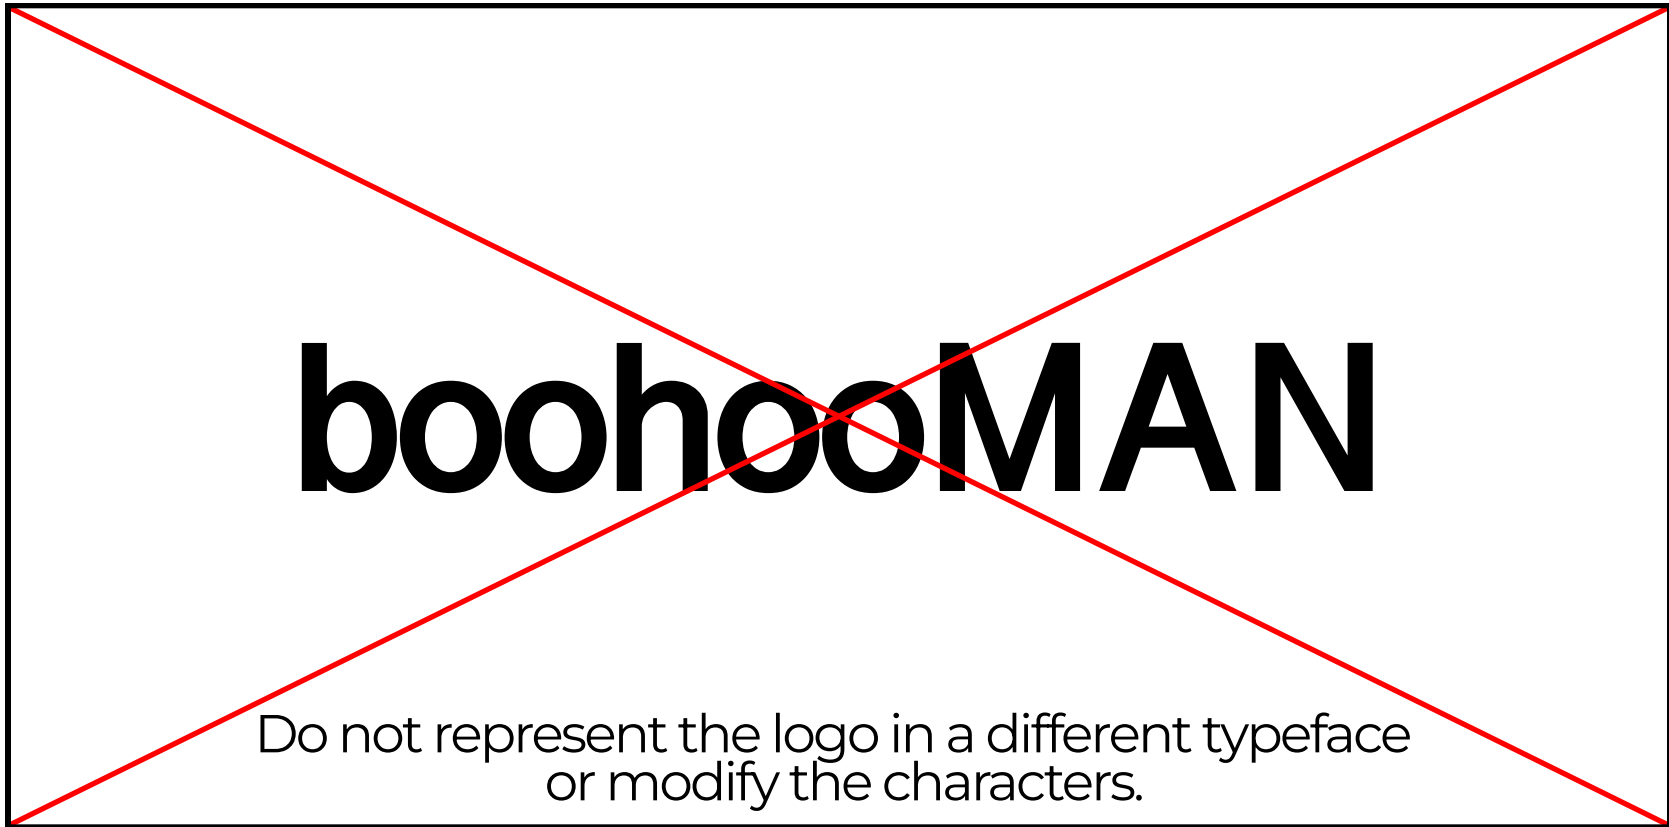

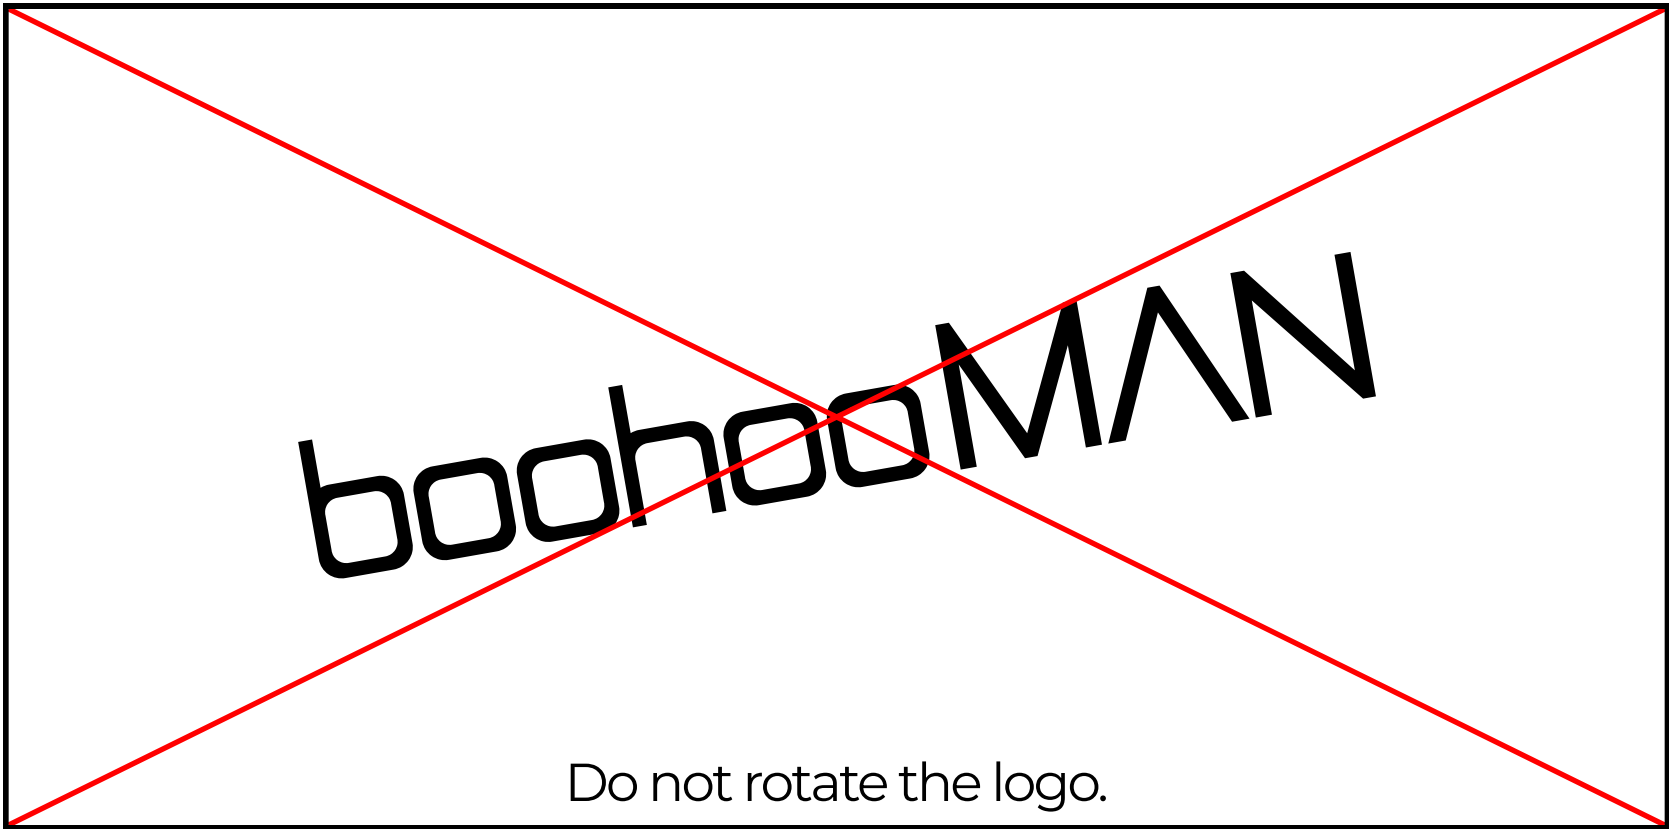

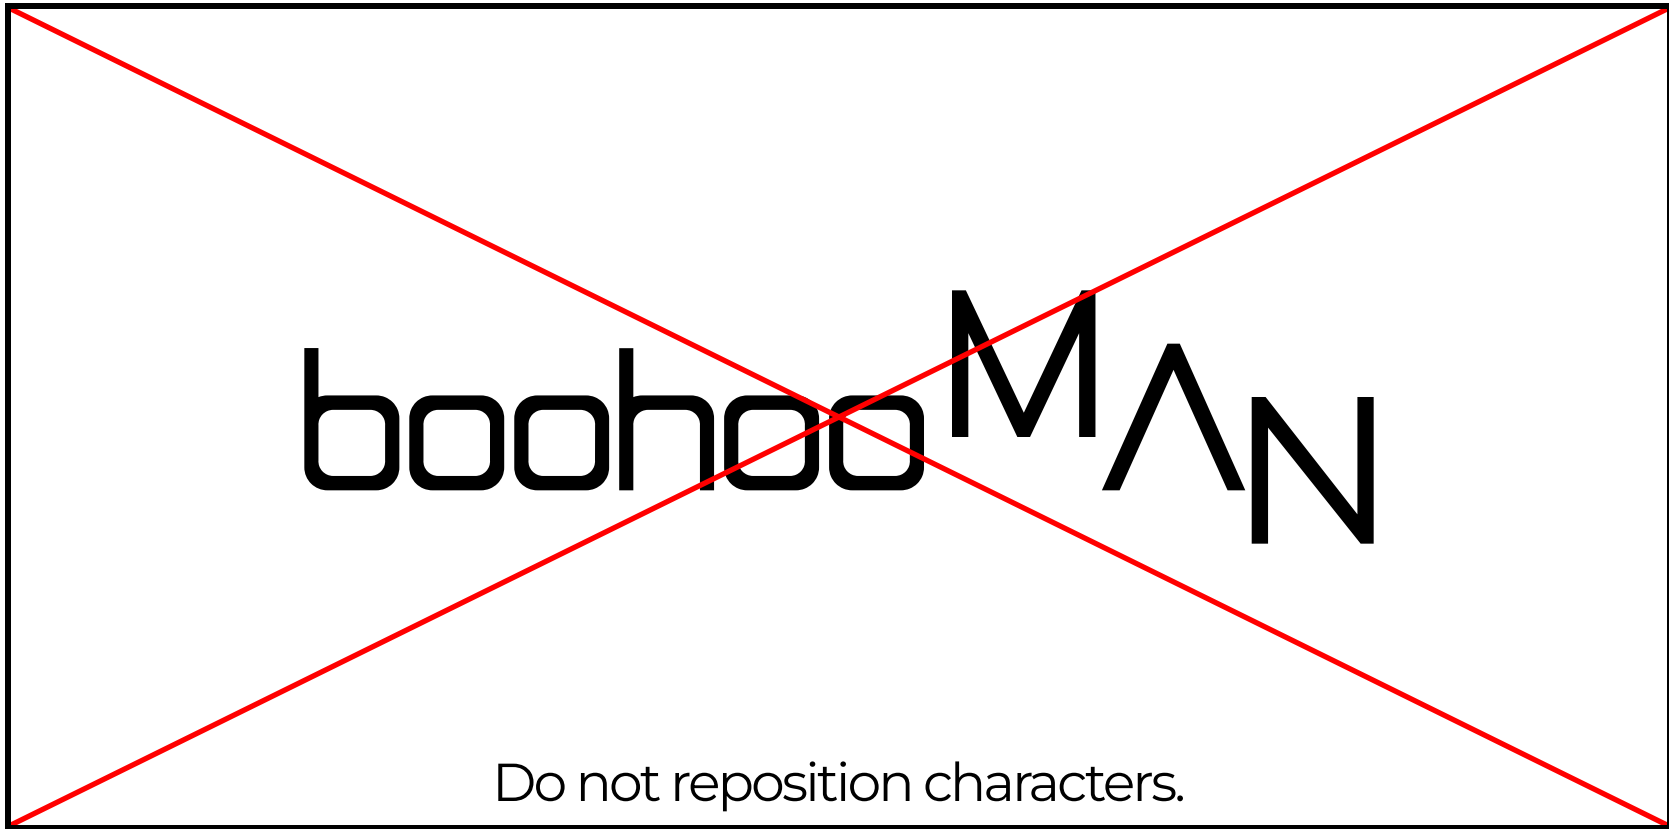

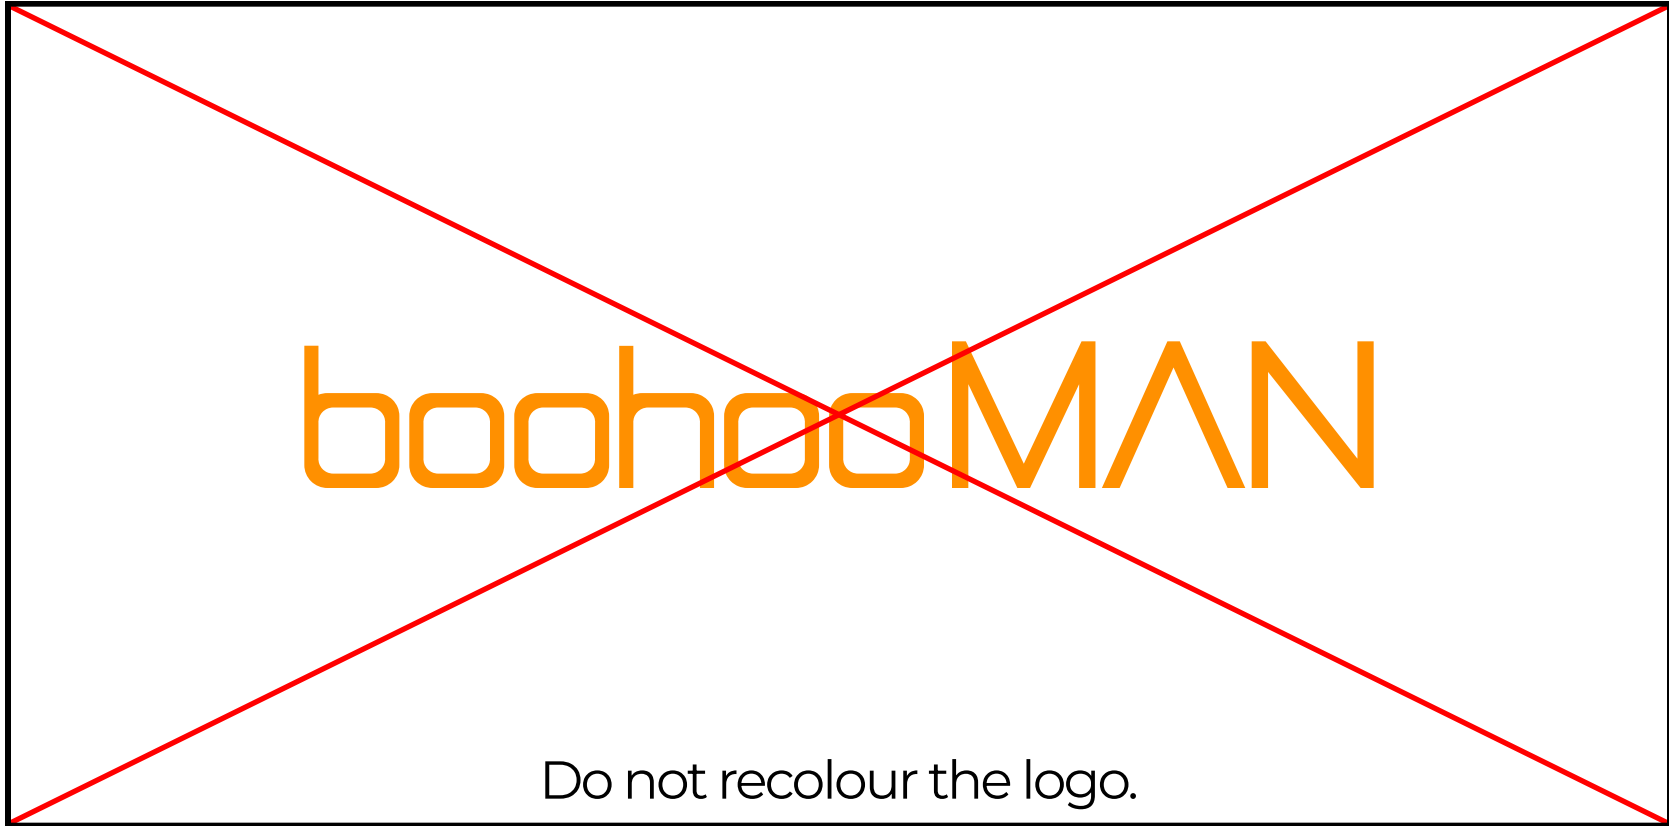

In most cases, our logotype will be seen in neutral colours. However, the logotype can also be applied to flat colour when necessary. Please check web accessibility for digital.

In some instances, particularly where we want to hero the image, our logotype can be placed over an image. Please use best judgement and avoid drop shadows.

OUR LOGO MISUSE

Our logo should be never be modified or altered. The following examples represent what not to do.

OUR LOGO MINIMUM SIZE & EXCLUSION ZONE

The clear space around the logotype is the equivalent to the height and width of the A.

The logotype should not be reproduced at sizes smaller than mentioned here.

OUR LOGO

When applying the logo to imagery, please use your best judgement with regards to legibility and scale.

The logo should be clear but not compromise the imagery. It's about maintaining the quality of the art direction, whilst having clarity in ownership.

Do not use drop shadows unless absolutely necessary.

04 COLOUR PALETTE

COLOUR PALETTE

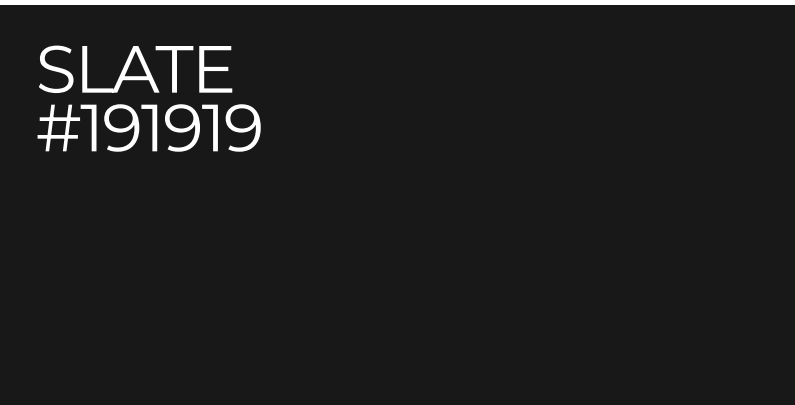

At boohooMAN, art direction plays a key role in effectively communicating across different outputs.

With this, comes the introduction of a multiple colour palettes generated from the look and feel of various campaign shoots, products, etc.

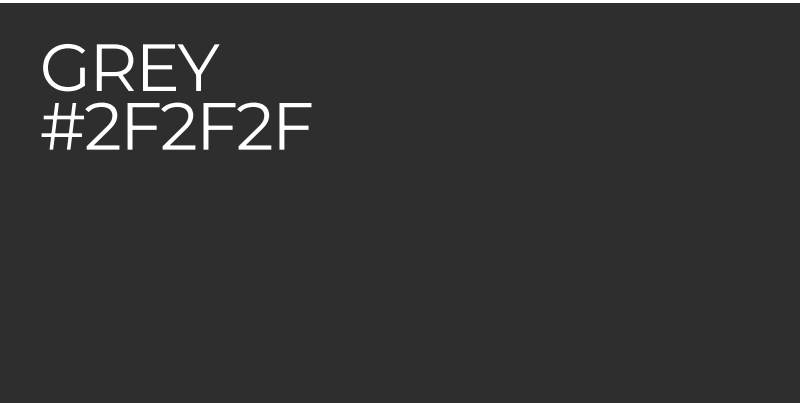

With this in mind, it's important that the use of graphic design doesn't become cluttered, or create too many additional design decisions that may detract from the imagery.

Our primary colours are Black/Slate and White + additional supporting neutrals. These colours act as the foundation to then introduce suitable secondary colours based on the look and feel of the imagery...
